

Finance News July 2022

Finance Office

From the start of term 3 2022 the finance office will be open to serve students only. Parents/carers are advised to make payment using the Bpoint link on their invoice or statement, the QKR app, or by emailing their request to finance@ipswichshs.eq.edu.au.

For any queries that need to be answered in person, parents/carers are to enter through the front reception office.

Monthly Statements

Debtor Statements are sent monthly to advise of any amounts owing or credits on your students account.

If you do not receive a statement this is an indication that your account is paid in full.

If you see a **negative amount** on your Debtor Statement, this is a credit on your account. These funds can be used to offset current or future invoices. If you notice a negative amount that you would like to use, please contact the finance office by email to finance@ipswichshs.eq.edu.au so they can process this for you.

Credits on student accounts

How to use credits to pay an invoice for fees, an excursion, or for uniforms

- Reply to the email you received with the invoice
- Send an email request to finance@ipswichshs.eq.edu.au
- Write a request note in your child's diary
- Email the uniform shop on uniform@ipswichshs.eq.edu.au with your request, advising of your available credit balance

School Fees - 2022

The final instalment of school fees for 2022 was due on 24 June 2022. If you still need to make payment please do so using the Bpoint link on your invoice or statement, or by using the QKR app. If you would like to set up a payment plan please contact the finance office finance@ipswichshs.eq.edu.au or 3813 4462.

School Fees – 2023

It has been agreed and approved at the P&C meeting on 24 Jun 2022 that the 2023 school fees for years 7 and 8 will increase to \$350 as this will include a school laptop. There is currently a review on the remaining year levels to determine if a small increase is required. We acknowledge the tough times our community and the nation are experiencing at the moment and will take this into account. Should there be an increase, it will be communicated as soon as possible.

Specialist subject fees - 2023

During term 3 students will begin to look at subject options for 2023. Set-planning interviews for year 10 students will be held in August. We offer a range of specialist subjects. Some of these subjects will incur a cost. To secure your child's spot in their chosen subject the fee for the chosen subject as well as all outstanding fees must be paid by **18 Nov 2022**. Contact the finance office if you need to set up a payment plan. [Click here to see the specialist subject fees for 2023](#)
