## From the Principal

### School overview

The Ipswich State High School seeks to develop successful citizens by helping all students identify their affinities and passions. We encourage their transition to adulthood by developing their knowledge and values, enabling them to make wise and just choices, creating a better future for all. The school has adopted Howard Gardner's Five Minds for the Future as the basis for its Curriculum Framework. Society's future leaders need to be able to develop certain ways of thinking and working which allow them to bring their best to any situation. The Disciplined Mind encourages students to become an "expert" in one area of their study, although they need to develop breadth and depth across other subjects too. The core learning areas are English, Mathematics, Science, Humanities and HPE but students may choose to become an "expert" in one of the elective areas of study, both academic or vocational, such as Art, STEM, Rugby League, Construction or Hair and Beauty, which are available throughout the school. The Synthesising Mind allows students to make sense of the huge amount of information available to them in their subjects. It develops study skills, encourages proper research, and helps students recognise how learnings in one subject area (eg Maths) might be transferred to another subject (eg Building and Construction). The Creative Mind suggests to students that there is usually more than one solution to every problem. Having developed deep subject knowledge (The Disciplined Mind) and broad application of that knowledge across other subjects (The Synthesising Mind), students should use the Creative Mind to stretch their learning to think "outside the box". The Respectful Mind recognises that today's world is becoming increasingly diverse, and that tomorrow's global citizens must respect differences as well as similarities and promote tolerance and understanding. Membership of the SRC and participation in extra-curricular activities such as sport, camps, dance troupes and community programs will help develop this mind. The Ethical Mind is the basis of all we do. Students are encouraged to behave as if in a workplace and the school rules and procedures mirror those of real world employment. All members of the school community; staff, students, parents, volunteers and visitors are asked to act ethically, thinking beyond their own self-interest and doing only what is right in the circumstances. These Five Minds for the Future can be found in all classrooms, in every office and staffroom, and throughout all teaching and learning constructed and delivered at this school. The school specialises in Japanese Language Education and has extensive Vocational Education and Training (VET) and sports programs, using purpose built facilities on-site. All students are expected to gain VET competencies prior to leaving school at the end of Year 12. Some unique features of the school which make the school a place of first choice in Ipswich are: \* the first state high school in Queensland to deliver a Girls Only class for Certificate I in Construction \* the only school in Queensland registered for Certificate III courses in Beauty Services and Nail Technology. These, and other Hair and Beauty certificates are delivered at school in one of four salons also operating as a commercial enterprise \* the largest state school RTO in Queensland, with more than 30 certificates available in parallel to a traditional academic program \* the home of the Ipswich Region Trade Training Centre. In addition, The Ipswich State High School also offers: \* a Japanese Language Program which continues to Year 12, with students accessing iPads and other digital technology to assist with the teaching and learning of Japanese in local primary schools \* an annual Japanese student exchange, and participation in a biennial trip to Japan which is open to all students \* the Champion Rugby League school in Ipswich, including a Girls' program, which extends across all year levels. Other High Performance Sports Excellence programs are available in Soccer, Netball and Volleyball. Information and Communication Technologies are embedded as part of our vision to create and collate ICT rich activities for all students by incorporating key ICT skills throughout their learning. Students in all years are able to access school laptop computers on-site, and a BYOD program exists for those who choose to join it. The Ipswich State High School plays an important role in the community by focussing on real world education and delivering a number of alternate programs to our students in addition to both a full academic curriculum and extensive VET courses. The school is a designated Mature Age State School [MASS] and all of these courses are available to community members who can enrol in both academic and VET programs at the school following the necessary background checks.

## Characteristics of the student body

### Student enrolments

Table 1: Student enrolments at this school

Enrolment category	2017	2018	2019
Total	1668	1544	1763
Girls	819	779	867
Boys	849	765	896
Indigenous	262	237	290
Enrolment continuity (Feb. – Nov.)	87%	86%	90%

Notes:

1. Student counts are based on the Census (August) enrolment collection.
2. Indigenous refers to Aboriginal and Torres Strait Islander people of Australia.
3. [pre-Prep](#) is a kindergarten program for Aboriginal and Torres Strait Islander children, living in 35 Aboriginal and Torres Strait Islander communities, in the year before school.

In 2019, there were no students enrolled in a pre-Prep program.

### Average class sizes

Table 2: Average class size information for each phase of schooling

Phase of schooling	2017	2018	2019
Prep – Year 3			
Year 4 – Year 6			
Year 7 – Year 10	23	24	24
Year 11 – Year 12	18	17	18

Note:

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

## Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

### Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

### How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital

Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

## Social climate

### Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

## Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at

<https://education.qld.gov.au/parents-and-carers/community-engagement>

## Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community. Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

## School disciplinary absences

Table 6: Count of incidents for students recommended for school disciplinary absences at this school

Type of school disciplinary absence	2017	2018	2019
Short suspensions – 1 to 10 days	408	875	755
Long suspensions – 11 to 20 days	91	57	58
Exclusions	35	30	28
Cancellations of enrolment	1	13	10

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

## Environmental footprint

### Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	633,875	613,876	690,255
Water (kL)	1,737	6,587	1,420

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool\* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

\*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

## School funding

### School income broken down by funding source

School income, reported by financial year accounting cycle using standardized national methodologies and broken down by funding source is available via the [My School](#) website.

## How to access our income details

1. Click on the *My School* link <http://www.myschool.edu.au/>.
2. Enter the school name or suburb of the school you wish to search.

The screenshot shows a search interface with a search bar containing the text "Search by school name or suburb". To the right of the search bar are three dropdown menus labeled "School sector", "School type", and "State". A magnifying glass icon is located to the right of the "State" dropdown.

3. Click on 'View School Profile' of the appropriate school to access the school's profile.

4. Click on 'Finances' and select the appropriate year to view the school financial information.

### Note:

If you are unable to access the internet, please contact the school for a hard copy of the school's financial information.

Headcounts	131	76	5
Full-time equivalents	128	58	<5

\*Teaching staff includes School Leaders.

\*\* *Indigenous* refers to Aboriginal and Torres Strait Islander people of Australia.

#### Qualification of all teachers

The Queensland College of Teachers (QCT) is responsible for ensuring that teaching in Queensland schools is performed by an appropriately qualified person, that has successfully completed either -

- (a) a four-year initial teacher education program including teacher education studies of at least one year (e.g. a Bachelor of Education, or a double Bachelor degree in Science and Teaching) or
- (b) a one-year graduate initial teacher education program following a degree (e.g. a one-year Graduate Diploma of Education (Secondary) after a three-year Bachelor degree) or
- (c) another course of teacher education that the QCT is reasonably satisfied is the equivalent of (a) or (b). These are considered on a case-by-case basis.

For more information, please refer to the following links

- [https://cdn.qct.edu.au/pdf/Policy\\_Teacher\\_registration\\_eligibility\\_requirements](https://cdn.qct.edu.au/pdf/Policy_Teacher_registration_eligibility_requirements)

## Professional development

### Teacher participation in professional development

Queensland state schools undertake 5 staff professional development days (25 hours) throughout the year:

- 2 days at the end of the summer holidays (fixed)
- 2 days during the Easter holidays (flexible)
- 1 day in the third last week of Term 3 (fixed) on the student free day.

## Performance of our students

## Key student outcomes

### Student attendance

The overall student attendance rate in 2019 for all Queensland state Secondary schools was 89%.

Tables 11–12 show attendance rates at this school as percentages.

Table 11: Overall student attendance at this school

Description	2017	2018	2019
Overall attendance rate* for students at this school	82%	83%	81%
Attendance rate for Indigenous** students at this school	74%	77%	72%

\* Student attendance rate = the total of full-days and part-days that students attended divided by the total of all possible days for students to attend (expressed as a percentage).

\*\* *Indigenous* refers to Aboriginal and Torres Strait Islander people of Australia.

Year 12 Indigenous student enrolment as a percentage of the Year 10 Indigenous student cohort	119%	74%	59%

Notes:

1. The apparent retention rate for Year 10 to Year 12 = the number of full time students in Year 12 expressed as the percentage of those students who were in Year 10 two years previously (this may be greater than 100%).
2. *Indigenous* refers to Aboriginal and Torres Strait Islander people of Australia.

## Student destinations

The Queensland Department of Education conducts [annual surveys](#) that capture information about the journey of early school leavers and Year 12 leavers from school to further study and employment.

### Early school leavers

The destinations of young people who left this school in Year 10, 11 or before completing Year 12 are described below.

Schools work closely with a range of external agencies to support students who left school early.

Our Principal, Deputy Principal, Regional Transitions Officer or Guidance Officer liaises with early school leavers and their parents, providing a service 'beyond the school gate' to assist early leavers make a successful transition to other educational pursuits or employment.

### Next Step — Post-school destinations

The results of the 2020 Next Step post-school destinations survey, *Next Step – Post-School Destinations* report (information about students who completed Year 12 in 2019), will be uploaded to this school's website in September 2020.

To maintain privacy and confidentiality of individuals, schools with fewer than five responses will not have a report available.

This school's report will be available at <https://ipswichshs.eq.edu.au>.
